

BOLSHEVIKI PRESSING ATTACK ON POLES ON WHOLE BATTLE FRONT

Fix August 9th as Date for Occupation of
Warsaw—U. S. Remains Neutral Despite
Continued Pleas from Poland

WARSAW, Aug. 3.—(By The Associated Press.) The breaking off of negotiations between the Poles and Bolsheviks out of which it had been hoped would come an armistice and the early cessation of hostilities, was due to a misunderstanding, according to the contention of the Russian soviet authorities in a wireless despatch. The latest communication from the soviet suggests that negotiations be held in Minsk Wednesday. It asks that the Polish delegation be invested with the necessary credentials to negotiate for peace. The Poles contend it will be a physical impossibility to comply with this proposal.

While the Polish delegates are retreating their steps toward the Bolsheviks are reported pressing their attacks on the entire battle front from the east Prussian line on the north to the region adjacent to Limburg in Galicia on the south.

Inside the battle are the Poles are hurriedly preparing defenses, particularly trenches and barbed wire entanglements in front of Warsaw.

U. S. To Remain Neutral.
Washington, Aug. 3.—With the desperate plight of Poland emphasized in despatches forecasting the imminent fall of Warsaw and telling of the proclamation in Polish districts of a soviet government, the position of the United States towards the swift development of events in Europe today engaged the serious consideration of government officials.

Despite appeals to this government by Poland for extension of moral, if not material aid, there has been no disposition shown to reflect a departure of the United States of the neutral position assumed at the beginning of hostilities between Poland and Russia. Officials here held that as the present conflict originated in causes to which the United States was not a party this country should continue its present position. Whether the United States might be moved to depart from this position in event of anything approaching a crisis in the relations of Russia towards Europe officials refrained from indicating.

There was recalled the declaration of war made against the United States by the soviet government in a wireless proclamation upon the entrance into Russia of the American expeditionary forces. Such a state of war was never recognized by this government. The department's despatches indicated that the Polish lines had been stiffened. Budyenny, the Bolshevik leader who forced the Polish troops out of Kiev, was reported to be encountering a strong resistance in his advance between Brody and Lemberg in Eastern Galicia.

To Enter Warsaw Soon.
London, Aug. 3.—The occupation of Warsaw by the Bolsheviks has been fixed for August 9, says a despatch to the London Times from Berlin which adds that the Polish government is taking the necessary measures and has placed the fortifications of the capital under command of French engineer officers.

The defense of Warsaw has been entrusted to the northern army under General Haller. "The Polish northern front," says the despatch, "has been completely smashed."

ADVANCED ELECTRICITY
RATES FOR ROCKFORD
Springfield, Ill., Aug. 3.—Advanced electricity rates for Rockford authorized as from July 1, 1920, but suspended the day before, were today made effective as from August 1, to meet an emergency. The company presented figures showing expenses for the year ending February 28, 1921 will be \$159,081 in excess of the previous year. The increased rates the commission will produce an additional \$103,000 annually. A further hearing before the increase is made permanent was ordered.

WENT AFTER WHISKEY—
HE NEVER CAME BACK
Chicago, Aug. 3.—Harold Michael, head of a large pickle concern is being sought by police as the result of a complaint by four men tonight that Michael had disappeared after they had given him \$81,000 with which he agreed to obtain 850 cases of whiskey for them. According to the complaint the four men arranged the deal with Michael at a downtown hotel and sent him in an automobile to complete the transaction. He never came back.

U. S. FLYER MAY GIVE
UP TRIP TO ALASKA
Prince George, B. C., Aug. 3.—Damages to the airplane of Captain St. Clair Street commanding the New York to Alaska flight of United States army fliers, may make it impossible for him to continue with the expedition, it was said today. Captain Street while yesterday overhauled the field and partially wrecked his machine. The three other planes remain here.

LIGHT VOTE IS CAST IN THREE STATE PRIMARIES

Governor Allen Apparently
Renominated in
Kansas

LIGHT VOTE IN MIS-
SOURI AND OKLAHOMA

TOPEKA, Kansas, Aug. 3.—Scattered early returns from today's statewide primary election indicate United States Senator Charles Curtis, Governor Henry J. Allen and all present Kansas congressmen are leading their respective opponents.

The returns from the cities indicated labor voted against Governor Allen, putting him behind Senator Curtis. In the rural districts however, the vote for the governor apparently was large. The vote over the state today was light, particularly in rural districts.

The Democratic returns up to a late hour were not sufficient to form any estimate of the strength of the four candidates for the nomination for governor Jonathan Davis, W. S. Hyatt Dempster Potts and O. T. Wood.

George H. Hodges, Democrat was nominated for the United States senate without opposition.

Republicans in Hard Fight.
St. Louis, Mo., Aug. 3.—Unofficial, incomplete returns from today's statewide primary indicated John M. Atkinson had defeated Frank H. Farris and Charles H. Mayer for the Democratic nomination for governor.

Arthur M. Hyde and E. E. McJimsey, contesting for the Republican nomination were running heavy in the cities particularly in St. Louis.

Senator Seiden, Spencer apparently won over Dwight F. Davis and James L. Minnis for the Republican nomination for United States senator. Breckinridge Long was running strong for the Democratic nomination and it appeared he would defeat his five opponents, Charles M. May, George H. Scruton, Arthur N. Lindsey, Henry Priest and John Haden.

Senator Gore Probably Defeated.
Oklahoma City, Okla., Aug. 3.—Returns from today's state wide primary coming in rapidly from towns and cities but slowly from the rural districts at midnight gave Scott Ferris, the lead over Senator Thomas P. Gore in the race for the Democratic nomination for United States senator in which the interest of the primary centers. Returns on the Republican contest for the senatorial nomination were meager and widely scattered.

A tabulation by the Daily Oklahoman at midnight of returns from 810 precincts of 55 of the 77 counties in the state gave: Scott Ferris 41,200 votes for the Democratic nomination for United States senator and Senator Thomas P. Gore 25,807 in today's state-wide primary.

JAPANESE PAPER COMMENTS ON NOTE

Tokio Publication Publishes Abstract of American Note—Says America Misunderstands Conditions.

TOKIO, Aug. 3.—(By The Associated Press.) The Asahi publishes an abstract of the American note regarding Japanese occupation of territory as follows: "First: America approves Japan's decision to evacuate Transbaikalia.

"Second: As regards continued occupation of the Vladivostok region, she reserves expression of her views owing to absence of sufficient information on conditions there upon which to form an opinion.

"Third: America fails to understand the reason for Japan's occupation of Saghalien which has no connection whatever with the Siberian mainland or incident like the Nikolaevsk massacre occurring there.

Commenting on the note the Asahi thinks America misunderstands the Siberian geographical divisions and assumes Saghalien Island is a distinct district, whereas the island really is a part of the Saghalien administrative region with a gubernatorial seat at Nikolaevsk.

ARCHBISHOP BONZANO SAYS PONTIFICAL MASS

New York, Aug. 3.—Archbishop John Bonzano, apostolic delegate to the United States was celebrating today at a pontifical mass at St. Patrick's cathedral as the opening event of the supreme convention of the Knights of Columbus. Bishop John G. Murray of Hartford, Conn., who presided at the ceremony, declared that three most important "r's" in modern life are religion, righteousness and respect for constituted authority. With these implanted in the hearts of the people, he said, there will be no danger of Bolshevism.

ALLEGED DIAMOND THEFT IS ARRESTED

Chicago, Aug. 3.—A telegram was received by police today from the marshal of Independence, Iowa, that Patrick Golden, former houseman in a Chicago hotel had been arrested and will be brought back to face charges of theft of diamonds valued at \$16,000, owned by Miss Hazel Crone and her mother, Mrs. F. Olive Crone. The marshal said nearly all the jewels had been recovered.

HARDING HELD CONFERENCE WITH A LABOR LEADER

Buffalo Man Declares
Change of Administration
is Needed

FRONT PORCH RULE
IS NOT IRONCLAD

MARION, O., Aug. 3.—Senator Harding held a conference today with T. V. O'Connor of Buffalo, president of the International Longshoremen's Association, at the labor situation was discussed and the candidate was assured the support of the labor leader. Mr. O'Connor later issued a statement covering his views.

Previously Senator Harding conferred with Senator New of Indiana, chairman of the Republican Speakers' Bureau on the speaking campaign.

Senator New asserted no one in authority has said there would be no deviation from the front porch campaign plan and discussed the handicaps of a front porch campaign now as compared with the Harrison campaign in 1888 and the two McKinley campaigns in 1896 and 1900.

Railroad rates are higher and it is impossible for railroads to furnish equipment to conduct elections to the candidate's home as in past years, he said.

Labor Thinking This Year
A statement issued by Mr. O'Connor said:

"I am for Harding because I believe a change of administration necessary to restore confidence in this country. Senator Harding is a man from whom labor will always get a square deal.

"I have heard of various leaders that are going to deliver the labor vote this year, but nobody will deliver it. Labor is thinking as never before and is going to vote to suit itself. We must restore popular confidence in our government in order to put an end to the existing unrest.

"It seems plain to me that labor must support the Republican party this year. If the Democrats should win the government would be turned over to the control of the solid south and the machine-dominated Democratic states of the north."

Harry M. Daugherty, Senator Harding's pre-convention manager and a member of the campaign executive committee, called on the candidate and later issued a statement detailing what he said was the "inside story of George H. White's election as Democratic national chairman."

How White Was Chosen
"Homer Cummings was the candidate of President Wilson for chairman, and Ed H. Moore was Governor Cox's candidate," said Mr. Daugherty. "Mr. Moore got mad because Governor Cox made his pilgrimage to Washington, and he took himself out of it. Mr. Cummings was too objectionable to the Tammany crowd who helped nominate Cox. So they compromised by naming Mr. White.

"Now Governor Cox has already felt compelled to administer a rebuke to Chairman White for talking about the issues."

FAVOR FILIPINO INDEPENDENCE

Congressman Tell Manila Chamber of Commerce Issues Should Have Independence.

Manila, P. I., Aug. 2.—Declarations favoring independence for the Philippines were made today by three members of congress at a banquet given by the Philippine chamber of commerce to the congressmen touring the far East.

"Your government is more developed than the government of Cuba when the United States recognized Cuba," said Congressman Stephen G. Porter, chairman of the foreign affairs committee. "I may be that later we grant your independence you will do the Cuba-get into a fracas occasionally and mother will have to spank you."

Congressman J. A. Frae of Wisconsin told the Philippines that the United States had promised that independence would be granted and it would come as quickly as a stable government was organized in the Philippines.

PONZI STILL SMILES AND STILL PAYS

BOSTON, Aug. 3.—The hundreds of investors who besieged offices of Charles Ponzi, the swindler, financier today had dwindled to less than a dozen at closing time of the largest day's run since he discontinued receiving deposits. In the seven days' run Ponzi claims he returned between \$3,000,000 and \$4,000,000. Ponzi, smiling and confident of the outcome of the federal audit of his books, declared he had \$7,500,000 in banks in this country, which would more than cover his liabilities.

ARREST KIDNAPPER SUSPECT IN NEW JERSEY

Police Believe He is the Man
Who Kidnaped the Coughlin Child—Say Arrest Will Lead to Recovery of Child.

Philadelphia, Aug. 3.—Postal inspectors who admitted today they arrested a man at Egg Harbor, N. J., yesterday in connection with the kidnapping of the 13 months old child of Mr. and Mrs. George H. Coughlin of Norristown, Pa., on June 2, expressed the opinion they had the right man. All efforts to learn the identity of the prisoner have proven futile.

Neither the Coughlin family nor the Norristown authorities have been advised of the arrest. Chief Postal Inspector George Leonard of the Philadelphia district said he believed the arrest would lead to the recovery of the missing child. The man under detention is declared to be one who wrote a half dozen letters to the parents of the child signing them "the crank" and demanding \$12,000 as a ransom for the return of the child. Coughlin followed the instructions. The money disappeared and nothing further was heard from the crank until last week when the family received a letter making further demands.

ALLEGED STOCK FRAUD UNEARTHED

MILWAUKEE, Aug. 3.—The Milton A. Dodge, said to be the prime mover in an alleged stock fraud unearthed here was arrested today on a charge of obtaining money under false pretenses. Four alleged victims were complainants. The district attorney's office announced that the loss to investors would total over \$125,000. The alleged operations consisted, according to officials, of a promise of fifty per cent dividends within four months. Many are said to have invested their life savings.

Denver, Colo., Aug. 3.—Although the traction company had declared strikers' breakers would start moving "armored" cars at 5 o'clock this morning, not a car was running today.

MINERS SLOW IN RETURNING TO THEIR WORK

Conflicting Reports by
Presidents of Two
Associations

LOOK FOR GREATER
ACTIVITY SOON

CHICAGO, Aug. 3.—Conflicting statements on conditions in Illinois coal mines were made today by presidents of two operators' organizations with headquarters here.

E. J. Seale, president of the Illinois Coal Operators' association declared the miners were overriding their union officials, that not one large mine was running and that Bolshevik agitators were circulating among the miners.

H. C. Adams, president of the Central Illinois Coal Operators' association declared the miners were returning to work and in only one county—Franklin—was there any trouble. The miners were returning slowly there he said. He said he knew of no Bolshevik agitation.

"The only possible trouble is slowness of the men getting back and they are always slow about that," said Mr. Adams.

Mr. Seale declared numerous meetings were being held and that the men were voting to disregard the request of President Wilson and the order of President Lewis to return.

In the fifth and ninth districts, 27 mines, employing more than 4,000 resumed operation leaving 33 mines in the district idle. The daily output there approximates 40,000 tons, operators say.

Reports from Herrin say virtually all strikers in Franklin and Williamson counties have voted to return to work by Friday. Strikers returned to the fields around Hallidayboro and Duquoin today but nearly 2,000 men are still out at Duquoin following a vote to continue the strike taken Monday.

Reports from Herrin say virtually all strikers in Franklin and Williamson counties have voted to return to work by Friday. Strikers returned to the fields around Hallidayboro and Duquoin today but nearly 2,000 men are still out at Duquoin following a vote to continue the strike taken Monday.

IN IOWA Des Moines, Ia., Aug. 3.—Several hundred coal miners in the Des Moines territory voted tonight to return to work tomorrow. They failed to go to work today, altho no reason was given by the operators said.

ECONOMIC WAR THREATENS IRELAND

With Other Troubles Ireland Is
Threatened With Boycott—
Trouble Between North and
South Ireland.

Dublin, Aug. 3.—(By The Associated Press.)—Indications of an outbreak of economic war between North and South Ireland are increasing as result of the expulsion of Catholic workers from shipyards and industrial concerns in the north by Protestant workmen. Some western towns are threatening a boycott against Belfast goods. It is said and there is danger of this policy spreading into other trade including the banking system.

Ulster fears this action, as much capital which supports northern industry comes from the south. The Irish states such a boycott is practical as southern and western Ireland are better organized than at any time in history.

"The boycott," says the newspaper, "would inflame political strife and would bring many departments of industry. It would prove that the rest of Ireland cannot dispense with Belfast any more than Belfast can dispense with the rest of Ireland."

SEEK TO ENJOIN MUSIC CORPORATION

NEW YORK, Aug. 3.—Suit was brought in federal court today to enjoin the Consolidated Music corporation and several other companies from fixing prices and making agreements intended to stifle competition in player piano rolls.

The action was instituted by special government prosecutor Henry Guyler under the Sherman anti-trust law. Among the defendants are Irving Berlin, Inc., Leo Feist, Inc., T. B. Harms, Francis Day, Hunter Inc., Shapiro, Bernstein & Co., Waterson, Berlin & Snyder, Inc., and M. Witmark & Sons, Inc.

GOVERNOR COX WILL DELIVER ADDRESS TO DEMOCRATIC CLUB

Will Reminisce of Career in
Ohio State
Politics

UNABLE TO ATTEND
ROOSEVELT CEREMONY

DAYTON, O., Aug. 3.—Governor Cox, Democratic presidential candidate will be the guest of honor tomorrow and deliver an address at the picnic of the Gem City Democratic Club of this city at Shiloh, ten miles north of Dayton. The governor said he would deal principally with reminiscences of his state career.

The governor spent today at his office reducing piles of unanswered correspondence. He considered further aid toward ratification of woman suffrage amendment by the Tennessee legislature Mrs. George Bass, chairman of the woman's bureau of the Democratic national committee having reported, the governor said, that prospects for the ratification in Tennessee were unfavorable. He announced today he would not be able to attend the vice-presidential notification ceremonies for Franklin D. Roosevelt at Hyde Park, N. Y., August 9. Besides important conferences with party leaders after the notification ceremonies here Saturday it was understood Governor Cox wished to let Mr. Roosevelt be the principal Democratic figure at Hyde Park.

DECLARES OFFICE OF GOVERNOR VACANT CANTU NOT WORRIED

No Excitement Over President de la Huerta's Declaration

BOMBING PLANE REFUSED PASSAGE

MEXICALI, Lower Calif., Aug. 3.—Information here that Governor Estaban Cantu of the territory of Lower California had been declared without authority to retain his position, by proclamation of President de la Huerta which declared the offices of governor vacant, created no excitement here today.

The governor followed his usual routine. If vigorous language attributed to President de la Huerta, the reported gathering of Mexican troops on nearby coasts and slow accessions of recruits to the Cantu forces had served to worry him, it was not apparent. Military forces were engaged in the Cantu army. Refusal of the United States to permit passage across the border of a newly purchased bombing plane and receipt of formal word that no arms or munitions might be passed into Lower California and that sale of explosives in the Imperial Valley of California would be stopped, impeded these preparations only slightly.

SOVIET OFFICIALS ARE IN ENGLAND

Believed Will Confer on Polish
Situation—Poles Hope for Their
Treaty Terms

London, Aug. 3.—The presence in London of Leo Kamenoff, president of the Moscow soviet and acting premier of soviet Russia, an Leonid Krassin, Bolshevik minister of trade and commerce to confer with allied representatives here is regarded in Polish circles as having an important bearing on peace negotiations between Poland and the soviet government.

A statement by a Polish official to The Associated Press today said:

"If economic conditions in Russia are as bad as we have reason to think, it would be foolhardy for the soviet government to antagonize the allies by trying to impose drastic peace terms on Poland. I believe the allies, thru Krassin, can exert sufficient pressure on the Moscow government to secure terms which Poland can accept."

Warsaw, Aug. 3.—Many American and British subjects, including a number of former officers, are reported enlisting in the Polish volunteers.

HIGHER R.R. RATES MEANS MORE MONEY FOR GOVERNMENT

Taxes on Increased
Charges Run to
Big Sum

MORE INCOME TAX
MONEY FROM EMPLOYEES

WASHINGTON, Aug. 3.—(By The Associated Press.)—Increased revenues, officially estimated at \$100,000,000 annually will accrue to the treasury as result of advance in transportation rates. The added income for the government officials said tonight would be derived from increased transportation taxes—which are paid by the public—and thru operation of the income and excise provisions of the revenue laws.

Comparative Figures.
Transportation taxes for the year ending June 30 aggregated approximately \$231,000,000. This sum was made up from three per cent tax on freight charges amounting to \$125,000,000 the 8 per cent tax on passenger tickets to \$100,000,000 and the 8 per cent tax on Pullman charges producing \$6,500,000.

Should railroad traffic continue at its present volume, these amounts would be increased correspondingly with the rate advance permitted by the interstate commerce commission.

Officials of the bureau of internal revenue calculated the additional taxes will aggregate \$33,550,000 on freight, \$18,700,000 on passenger and \$3,500,000 on Pullman charges.

Another source of revenue would be from income taxes levied against the railroad corporations. Railroad executives expect many carriers to earn sufficient returns under the new rates to compel the payment of income taxes for the first time since pre-war days. It is from this source that the treasury expects to obtain a large portion of the remaining \$40,000,000 of their \$100,000,000 estimate. Officials place the amount of income taxes conservatively at \$30,000,000 a year.

More Income Tax Returns.
The wage award of \$600,000,000 a year, will result in producing a certain return to the government for it places most railroad employees within jurisdiction of the income tax laws. Amounts levied on most workers will be small, but, it was pointed out, the railroad labor army number more than 2,000,000 persons. From this number, officials believed the taxes would aggregate probably \$10,000,000 or more.

Officials are studying the indirect effect the rate increase will have on revenue produced by the excise and miscellaneous taxes. Practically all excise taxes are based on a passage of the selling prices—as the so-called luxury tax. They regard it as certain that more revenue will be forthcoming as the prices of commodities move upward.

AMERICAN BOY SCOUTS IN TREK-CART COMPETITION

London, Aug. 3.—A team of American Boy Scouts from Miami, Florida, at the International Boy Scout "Jamboree" today today established what is believed to be a world's record in the trek-cart competition. Eight of the American youths, competing against a Welch team, covered 500 yards over obstacles with a two wheeled trek cart loaded with eight sandbags weighing four hundred pounds in two minutes, 55 3/4 seconds. The team had to unload their carts, get them over a wall reload them and run thru a pool of water. The Welch boys consumed more than four minutes.

IT SOUNDS BETTER

Have you noticed the development of the term "renewed cars"? Years ago "second hand" was the term. Then people revised this phrase to the simpler one of "used." Somehow "renewed" has a higher sound than either of the other expressions and doubtless the term was coined to fall softly upon the ears of prospective purchasers of cars that others have owned and driven.

SOME COMPARATIVE PRICES.

The state of Illinois purchased ten cars of coal just before the recent strike at \$4.75 per ton at the mines. This was for steam coal of a quality which two years ago sold at the mines at about \$1.75 per ton.
It is easy to understand why the cost of maintaining state institutions has increased so largely in the past two years, for the coal expense is only one which the institutions must meet.

When he sat 'round the Peace Table with such kindly disposed men as the Premiers of the great Powers seemed to be, President Wilson little thought France and England were hatching the scheme to combine in shutting out dear America from the oil supply of the world against which he is now protesting. But as the late Timothy J. Campbell of Tammany referring to the Constitution would put it, "What's the league covenant between friends?"

A DOUBTFUL REMEDY FOR CAR SHORTAGE.

The interstate commerce commission is about to adopt a rule permitting a car service charge of \$10 a day after a nominal unloading time of 24 to 48 hours has been allowed. This order may help in bringing about the more rapid unloading of cars but shippers believe that the commission would get better results if it could devise some way to compel the railroads to move cars more rapidly.

It is not an uncommon occurrence for a car of merchandise to reach Jacksonville after being in transit two weeks for a distance less than 200 miles. Not long ago a car was received here which had been four weeks in covering a distance of less than 100 miles in length.

A CREDIT TO MORGAN COUNTY.

The opening of the Jacksonville chautauqua is now only about two weeks distant. This will be the ninth annual assembly and the interest already in evidence makes certain that the assembly will attract even more than the usual attention and interest. It is a matter of local interest and for congratulation that the Jacksonville chautauqua is accounted as the most successful in central Illinois.

That success is due largely to the interest shown by the officers and directors. They do not wait until the summer season to begin their preparations. Instead, as soon as one assembly is finished they begin laying plans for the year following. By getting into the field early they are able to secure the best talent and so from year to year the high standard is maintained.
A perusal of the program this year gives ample proof that the directors have shown their customary good judgment in the selection of "talent."

GREAT CHANCE FOR INVESTORS

It's a very pleasant thing for people who have money to consider that in these days when the high cost of living is so much discussed, that there are wonderful investment opportunities. Government bonds are purchasable considerably below par, the bonds of strong corporations bearing interest at a rate unheard of a few years ago are available.
While a dollar will purchase about 50 cents' worth of commodities, when compared with two or three years ago, it will buy a gilt edged security that is selling below its real worth. If later on commodity prices fall and the dollar regains a more normal purchasing value, those who have invested in these high class securities under present conditions will have made wonderful investments.

THE PRINT SHORTAGE WILL CONTINUE.

There are indications that those people who believe that there will be a return to normal business conditions in 1921 are going to be disappointed. Newspaper publishers have already proof of this statement. Even those papers fortunate enough to have contracts with mills manufacturing news print are being notified that it will be necessary to cut down their orders for next year by at least 20 per cent. The newspaper publishers therefore have the option of buying the additional 20 per cent on the market if they are able to find it, or to cut down their consumption by strict economy measures. In most cases the economy plan will be followed because of the realization that it will be practically impossible to buy on the open market.
Those in a position to know prophesy that this print shortage will continue thru all the coming year. What is true of newsprint is true of a great many other commodities in common demand and use. The shortage of manufactured products of all kinds is a matter of common knowledge. It used to be that the manufacturers were looking about for customers. Now it is merely a question of distribution and those retailers or consumers who get a fair share of manufactured products now count themselves fortunate.

Rippling Rhymes By Wait Mason

CAR REPAIRS

I have had my auto mended, had its valves and doodads ground, and today it's running splendid, with no harsh or jarring sound; but my heart is in a panic, and my roll is also-ranic, for the heaven-built mechanic touched me for my bottom pound. Oh, the sun is shining brightly on the meadow and the sea, and the birds are singing lightly, but they bring no joy to me; there is sorrow in my gizzard, for the greasy auto wizard, knowing cars from A to Z, stripped be of my final V. Oh, he fixed the carburetor and made the starter start, and he rubbed his greasy sweater o'er the cushions rich and smart; all the busted parts I showed him, and I stood around to gaud him; then he told me what I owed him, and I had a broken heart. I had planned to save some money for the wintry years ahead, so in age I might have honey and molasses for my bread; but I see 'twill keep me busy paying up that wizard wizzy, who repaired my old tin lizzie—keep me digging till I'm dead. MISS LUCY CATLIN TALKS TO NURSES

Discusses Opportunities for Nurses in Hospital Social Service—Jacksonville Hospital Only State Institution Doing Clinic Work.

Te bi-monthly meeting of the 13th district, Illinois State Association of Graduate Nurses was held Tuesday in the Public Library. Miss Mabel Parrott, the president of the association was unable to attend. The routine business of the association was taken care of and Miss Lucy Catlin, R. N., chief social worker at the Jacksonville State Hospital, made the main address.

Speaking on the subject, "Opportunities for Nurses in Hospital Social Service" on which she is very well posted and acknowledged as one of the leaders, she gave the history of the movement and its rapid and extensive development.

The operation of clinics in the field from which a hospital draws its patients is a great factor for that method causes are located before they are dangerous and preventive measures can be taken. Jacksonville State Hospital is the only one of the hospitals which is doing this clinic work, a doctor and a social worker are in attendance at these clinics which are held in Quincy, Jacksonville, Springfield and Deatur regularly, and they examine from ten to fourteen cases at each clinic.

Not only do mental cases come to the clinic but patients out on parole from the hospital are kept under observation in this way. The home conditions are also looked into and recommendations to the local authorities are made for relief and remedy.
The field is a broad one and offers splendid opportunities for nurses who are disposed to specialize in social service work.

OLD JACKSONVILLE

WHEN INDIANS WERE HERE
By Ensley Moore
(Member Illinois State Historical Society)

Morgan county first included Scott and Cass counties, and Jacksonville was the capital.

A few years since Dr. J. F. Snyder, one of the best posted men on early history, published the following article in a paper here. It is well worth republication.

The small stream that courses thru the northern margin of the city of Jacksonville, and on westward to join the Illinois river a mile and a half below Naples, is named the Mauvalsterre, a compound French word meaning Bad Lands. A dozen, or more, miles above that junction, on the east side of the Illinois is the town Merdosia still bearing the name of a former nearby lake, or lagoon known as the Mere—French for lake—of Osie water willow, or Willow lake. These names are survivals of French occupancy of that region, at a period in the early history of our state.

The local point from which radiated that French influence was an Indian trading post situated on the north bank of the Illinois river where Naples now stands, conducted by Michael LaCroix, a Canadian Frenchman. In conversation with General Murray McConnell in the fall of 1868 I asked him if he knew anything of the exact location of that trading post, and he said he did; that remains of it "a short distance this side of Naples," were still to be seen when he came to the state, in 1824. And he kindly offered, if I would "drive over," to go with me to the very spot. I would have gladly availed myself of this offer, but before I could find it convenient to do so the general was murdered on the ninth of the ensuing February.

In Belleville, Ill., where I was raised I was well acquainted, from my childhood until her death in 1900, at the age of nearly 94 years, with Mrs. Adeline Chandler, daughter of Michael LaCroix, who, as I often heard her say, was born among the Indians, December 6, 1806, on the Mauvalsterre, at her father's trading post. Her husband Samuel B. Chandler, born in Rockbridge county, Virginia, in 1807, came to the Galena lead mines, in Illinois, in 1827, where he passed about a year, then went down the Mississippi to St. Louis, crossed over to Belleville and found employment in the saddle and harness shop of John Hughes for "25 cents and found." With a fair English education, he was bright, affable, and intelligent, and was elected every superior business ability. For many years Mr. Chandler was the most popular man in St. Clair county; represented it in the state legislature, served several terms as its sheriff, and for a long time was a successful and wealthy merchant. In the Black Hawk war he enlisted in Capt. Sed Miller's company, and was elected its second lieutenant; but was engaged nearly all thru the campaign at headquarters "to do the writing" for Governor Reynolds, being the Old Ranger's private secretary during his term as governor. While acting in that capacity, he was united in marriage to Miss Adeline LaCroix, stepdaughter of Governor Reynolds, on January 21, 1824. He died in Belleville, August 7, 1871. The only child of Mr. and Mrs. Chandler died in early infancy.

Michael LaCroix came from Canada to Cahokia, Ill., in 1800. Among the residents of Cahokia at that time was Julien Dubuque, also a Canadian Frenchman, who settled there, as an Indian trader, in 1783, and subsequently acquiring a grant of land, conducted deposits of lead ore, on the western side of the upper Mississippi, moved there and engaged extensively, until his death, in lead mining and trading with the Indians. His fame and memory are perpetuated by the flourishing Iowa city bearing his name and situated on the site of his noted establishment. LaCroix had not resided in Cahokia more than a year or two when he married Dubuque's daughter, Catherine, who was born there in 1798, a beautiful young lady much above the average of that community in sprightliness of intellect and force of character. At the suggestion of Dubuque, LaCroix then changed his location from Cahokia to Peoria, where—Reynolds states in his "Pioneer History of Illinois"—he built a fine house. His object being to embark in commerce with the Indians, he very soon discovered that competition was too active in that line in Peoria, and decided that the unknown wilderness traversed by the Mauvalsterre was more desirable for his purpose. Thereupon he set his force, at building his "post" on that stream, comprising two large log houses surrounded by a stockade of pickets ten feet high. In the meantime a son was born to Mr. and Mrs. LaCroix, named Rene M. LaCroix, who lived to an advanced age, and died in Belleville, on January 5, 1883.
At that post LaCroix, who was still a subject of Great Britain, carried on a profitable trade with the Kickapoos until the second war between the United States and the English was proclaimed in 1812. He then closed his establishment, and taking his wife and children, moved down to Cahokia, and there in the care of relatives and hurried to Canada, ostensibly to purchase a supply of goods for his post. Arriving there, he at once joined a British company, of which he was commissioned a lieutenant. Peoria then was a small settlement of French traders, hunters, trappers and voyageurs, who were all on intimate terms of friendship with the surrounding Indians, and several of whom still owed their allegiance—as did LaCroix—to the British crown.
Assuming that they were hostile to the cause of the United States in the pending war, tho in reality they knew or cared but little about it, Captain Thomas E. Craig, in command of one of the newly organized companies of Illinois militia, ascended the river in his boats, and early in the morning of November 8, 1814, attacked the village and burned down the most of it, including LaCroix's fine house. He then rounded up all the inhabitants he could find, men, women and children, and deported them down the river, finally releasing them on the east bank of the Mississippi, just below where Alton now is, to make their way back to their desolated homes the best way they could.

Nothing definite was heard from LaCroix after he left Cahokia until 1814, when his wife asserted that she heard he had been killed in battle. Believing herself to be a widow, she married, early in 1815, a Cahokia widower named Joseph Manegol, who had a young daughter named Marie. The war was then closed, and a little while later, LaCroix—like Enoch Arden—reappeared in Cahokia. He said that on his arrival in Canada he was "pressed" into military service from which he could not escape until peace was declared, and that war conditions had frustrated his repeated efforts to communicate with Cahokia. As speedily as it could be done, he became a naturalized citizen of the United States. The war having disrupted the former profitable traffic with the Indians, he remained quietly in Cahokia until his death in 1821. Joseph Manegol died about a year after his marriage with Mrs. LaCroix. She did not then return to her first husband, but early in the spring of 1817, was united in the bonds of matrimony with John Reynolds, who won military renown as a ranger in the late war, and was rewarded by the grateful people of Illinois with election to the highest offices in the state. Governor Reynolds never had children of his own, but, with the solicitude and affection of a real parent, he cared for and reared the two LaCroix children, the Manegol orphan, and another orphan, Adel Dement, until they were grown and well settled in life. Mrs. Reynolds died in Belleville, November 5, 1834, and was buried in Cahokia.
The abandoned LaCroix post on the Mauvalsterre, built on government land, was utilized to the best advantage by incoming settlers, who replaced the Indians there very soon after the termination of the war.

FIRE DESTROYS SHED

Fire of unknown origin destroyed a shed in the rear of the premises, No. 5 Cannon Place, South Jacksonville, at 9 o'clock Tuesday morning and for a time threatened two dwelling properties.

The fire department was called and made a quick run to the flames but gained such headway that the shed was a mass of ruins on its arrival. The flames had spread to the residence at No. 5 and also the one at No. 4. The blaze was extinguished without much damage.
Fred Goodrick occupies the residence at No. 5 and O. T. Ferguson the residence at No. 4. The properties are owned by Thomas Cannon and the loss is thought to be covered by insurance.

DAKOTAS WILL HAVE EXCELLENT CROPS

Sioux Falls, S. O.—With the beginning of the wheat harvest in the Dakotas only a short time ahead and with all prospects for excellent crops, farmers are beginning to get a line on their required amount of help for the busy season.

Federal labor officers, working in conjunction with state and county farm bureaus, have been established at Sioux Falls, Mitchell, Huron, Rapid City and other vantage points through South Dakota to direct the distribution of the flock of men who yearly follow the harvest north and who are beginning already to seek places in the fields of this state.

Similar offices will be opened in the northern tier of counties of South Dakota and throughout North Dakota as the season progresses and the harvesters move northward.

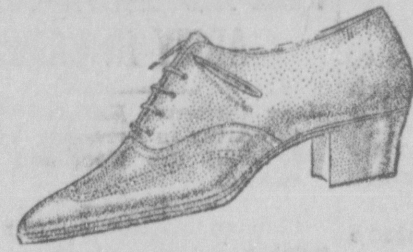

Crops both east and west of the Missouri river in South Dakota are reported as being of a fine stand and heavy yields are practically assured. Only in local spots where hail or unusually heavy precipitation has damaged or retarded growth will the yield fall short of that of a bumper crop according to reports from the state's richest grain sections.

The oats harvest in the southern half of this state begins this week and wheat will be ready for shocking about two weeks later. From then on the army of reapers will gradually work north until the Canadian border is reached and undoubtedly many of them will pass into the grain belt of that dominion.

PICNIC FOR CHURCH AND SUNDAY SCHOOL

It has been understood by some that the picnic to be held at Nichols park Friday afternoon by the Westminster church is for the Sunday school only. That is a wrong impression as the picnic is intended as much for the older members as for the children, and it is desired that everyone attend who possibly can.

Members of the church and children are requested to be at the church promptly at 2:30 o'clock. Automobiles have been provided but in the event there is not a sufficient number transportation to the park on the street cars will be arranged.

Persons who have donated cars are requested to be on hand promptly at 2:30 so that there may be no delay.

Miss May Mitendorf of Bluffs was a city arrival yesterday.

HENRY C. CULBERTSON

Dr. Henry C. Culbertson, President of Ripon College, Ripon, Wis., who is to speak at the Chautauqua is essentially a man's man. He has lived broadly, and speaks as a practical man of affairs. During the war period, he was actively engaged in an important post in the United States Food Administration. In the spring of 1918 he lectured throughout the country under the auspices of the Committee on Public Information, and early that summer went to France, where he saw service with the "Y" forces in the senescent towns, the training camps and at the front. He was in active service during the historic engagement that flattened out St. Mihiel salient, and was personally congratulated as the representative of the Y. M. C. A. by Premier Clemenceau, at a celebration in honor of the capture of St. Mihiel.

Prior to the war Dr. Culbertson had made many trips abroad. In fact, he was on his 10th visit to Europe in the summer of 1914 when the great war broke, so that in discussing the problems of peace that have followed the holocaust of war, he does not venture upon unknown ground, but speaks from a broad personal knowledge of conditions before, during and since the war.

Dr. Culbertson is a powerful speaker, sincere, earnest, convincing and his address on the occasion of his appearance here is sure to rank as one of the great addresses of a great chautauqua program.

What is Chiropractic Adjustment?

Some folks who first thought that Chiropractic was everything except a wonderful, new health method, have gained peculiar impressions of what a Chiropractic Adjustment really is.

An adjustment is primarily given with only the Chiropractor's two hands. How he does it; why he does it; what part of the spine he does it to, are all part of his Science. The expert knowledge is acquired only after years of intense study and practice.

After analyzing the spine and finding out the defects that impede nerve energy and result in disease, the Chiropractor adjusts the movable bones of the spine back to their proper, normal positions. The cause is removed; the pressure on the nerves is relieved and normal function is resumed. With complete nerve energy restored, the natural forces of the body build up the weak and diseased organs. Health results.

CHIROPRACTIC THE BETTER WAY TO HEALTH

is in full accord with the laws of man's being. No drugs or surgery are used. Chiropractic (KI-RO-PRAK-TIC) is being endorsed by authorities everywhere from the scientific standpoint, because it is right. Its marvelous record of accomplishment recommends it to all who are not up to the mark in health and efficiency. Give Chiropractic a trial.

WILL AID SALVATION ARMY IN CAMPAIGN

Many Citizens Enlisted to Aid the Army Against Vice and Helping the Poor and Unfortunate.

Chicago, August 3.—Announcement was made at headquarters of the Salvation Army here today that more than 6,000 citizens "representing the most active elements in the social and economic life of the states west of the Mississippi" have been enlisted to aid the Army in arresting vice and helping the poor and unfortunate. The statement says in explanation of the new organization:

"This work is to be conducted thru the medium of county advisory boards. By the first of October, there will be a board in every county, and 12,000 leading citizens will thus be banded in an effort to assist the crushed and fallen.

"County advisory boards, supplemented by the trained personnel of the Army and its chain of institutions, are strenuously attempting to solve the social problems of their home communities.

"Briefly, the advisory boards constitute a live and active law organization and thru this constituency the Salvation Army aims to extend its facilities to every obscure corner of the western states. Altho a part of the Salvation Army's Home Service Program in 1920, the work is of a permanent character, and designed to broaden the scope of the Army's labors without invading new activities or encroaching on other organizations.

"County Advisory boards will be linked together by a state advisory board. Activities will be centralized and efforts unified thru this system. The constructive of Americanization which is interwoven in all the Salvation Army's operations will be carried together with better facilities for temporary aid and spiritual encouragement, to each community west of Chicago.

"Advisory boards will be authorized representatives of the Salvation Army, and will be expected to advise with officers over the amount of the need for any or all of the organization's sixteen major activities in each county. They will bring to the attention of the Army all cases that come within the scope of its activities.

"In the aggregate, they will constitute an elaborate and powerful union, equally distributed thruout 24 states, and composed of responsible men and women devoted to the promotion of American ideals and the betterment of mankind."

U. S. MUST GO INTO OIL BUSINESS

Washington, Aug. 3.—Belief that the United States must go in to the oil business or take steps to prevent other nations from monopolizing the world's oil supply, is expressed in a report to the senate public lands committee made public tonight. "It appears that the British government is definitely going into the oil business," the department's report asserts. "It would seem imperative that our government must take the same course, or at least find a way of preventing the monopoly of future sources of oil supply by the nationals of foreign countries."

At the last Jackson Day dinner in Washington she won the title of the "Lady Bryan" and was the first woman to speak at any of those dinners. One of the popular American magazines says that she is by many of our greatest woman of our country and she is accounted y many as our greatest woman orator. At our chautauqua she will lecture on "The New Social Consciousness." Her address will not be tinged with politics.

COUNTLESS HOMELESS CHILDREN IN ENGLAND

London.—The wife of Lord Mayor Cooper of London, on the occasion of the recent opening ceremonies of a refuge for homeless children at Walthamstow, said that the time had come for someone to introduce a bill in Parliament to give "the unusual number of unwanted children" their father's name.

The Lord Mayor declared that both during and since the war the increase in the number of illegitimate children has been "simply terrible" and that the death rate among these children is appalling.

CORN PROSPECTS IN MISSOURI GOOD

Kansas City, Mo.—Corn prospects in Missouri and Arkansas are above the average, according to authorities. Missouri's 1920 acreage shows an increase of 15 per cent over last year. Arkansas also reports an increase in north central and south central portions, though a decrease is noted in the eastern section of the state. Missouri's yield is estimated at 184,208,000 bushels.

Arkansas promises a large increase in its rice production. Missouri's oats crop is expected to pass its last year's yield by two million bushels.

KANSAS PUBLISHES SCHOL TEXT BOOKS

Manhattan, Kan., Aug. 2.—More than \$500,000 has been saved by the people of Kansas to date by the state publication of school books, Tom McNeal, member of the state text book commission, told students of the Kansas Agricultural college here recently.

"Not less than \$100,000 will be saved in the next three years on a geography now being published," Mr. McNeal said. "The book will sell for 50 cents a volume less than the same or similar books published by commercial houses."

ORGANIZED POLISH ROMAN CATHOLIC UNION

Detroit, Mich.—The Polish Roman Catholic union was recently organized here at a conference of citizens of Polish extraction from all over the country. Headquarters will be maintained in Detroit.

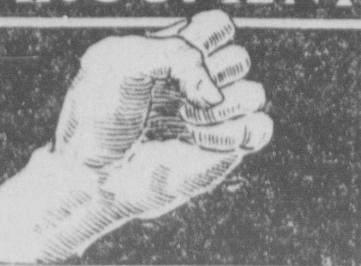

One of the first steps outlined is the formation of a juvenile organization similar to the Boy Scout movement. Halls for drilling and libraries will be furnished by churches.

Mrs. J. Kapcia of Detroit, was selected as head of the woman's branch which has a membership of several hundred thousand women.

PLANT CORN, BARLEY AND KAFFIR IN KANSAS NOW

Kansas City, Mo.—Western Kansas, long famous for wheat, is showing a tendency to diversity of crops which is hailed with enthusiasm by agricultural authorities. They have long been talking its wisdom to farmers of the state. Wheat remains the great crop of the section, but many farmers who formerly devoted practically their entire acreage to wheat are now planting corn, barley, kaffir and cane as well.

WATERMELON SEED KILLS PET CANARY; HAS \$400 FUNERAL

Twenty Thousand People See Funeral Procession

TWELVE PIECE BAND PLAYS FUNERAL DIRGES

NEWARK, N. J., Aug. 3.—A crowd estimated at 20,000 persons thronged the streets tonight to witness the funeral of Jimmie, pet canary of Emidio Russomanno, 65 year old cobbler. Police reserves preserved order and cleared the streets for the funeral cortege. Jimmie described as possessing "a song as sweet as the voice of Caruso" choked to death Sunday on a watermelon seed.

Leading the procession was a band of 12 pieces, playing funeral dirges, followed by a hearse, bedecked with flowers and carrying a small white coffin in which the bird's body reposed. The old cobbler, tear stained and visibly affected, rode in a coach with a few intimate friends.

The cost of the bird's funeral estimated at \$400, was contributed by the cobbler's friends. When Jimmie died the old cobbler drew the blinds of his shop, hung out a sign, "Closed on Account of Jimmie's Death," put crepe over his door and went into deep mourning.

A tombstone in the shape of a cross with a canary bird in its center will be erected over the bird's grave.

Holding Gasoline Prices Down

"The Federal Trade Commission in report to Congress ascribes strong demand as primary cause of recent advances in price of gasoline and other petroleum products, rather than to any combination in restraint of trade." (Boston News Bureau, June 3rd, 1920.)

Gasoline prices will go down as soon as gasoline supply exceeds demand.

Only two ways are known to increase gasoline supply. First, increase the production of crude petroleum; second, to increase the yield of gasoline from the crude petroleum obtainable.

Recognizing the latter as the more practical method, the Standard Oil Company (Indiana) has discovered, through extensive research, a way to definitely increase the yield of gasoline from crude oil.

In its laboratories, modern to the last detail of equipment, chemists, engineers and experienced refiners are working continually to this end.

It was one of these men who discovered the process which has largely increased the yield of gasoline obtainable from the crude.

This, and other discoveries, together with the economies of efficiency throughout all processes of refining, have enabled the Standard Oil Company (Indiana) to exert a marked downward pressure on gasoline prices.

The Standard Oil Company (Indiana) strives at all times to deal in fairness to all the people within its territory, and today is operating its business on as small a margin of profit as is consistent with sound financing, and with safety for its 4799 stockholders, of whom no single investor owns as much as 10 per cent of the total stock.

RED CROSS WORKER TO CONFER ON SURVEY

Miss Evelyn Belden, a field representative of the American Red Cross, is in Morgan county for a brief stay. Miss Belden is here to confer with the Morgan county Red Cross Chapter and the representatives of various other organizations relative to the community survey to be made in this county. The actual work is to be begun in September but some preliminary steps, a meeting of representatives of the various organizations will be held at

the public library Thursday night at 7:30. At this time Miss Belden will explain the work in detail.

It is generally understood that this survey is to be made preparatory to the program of work which the Red Cross will foster. The Red Cross method of making a survey is to have the people of any given city or county make the survey themselves. It must be understood that the program contemplated is not by any means limited to the Red Cross, or organized bodies of all kinds will have part in the preliminary work and that which follows. The purpose is to take up various matters of public welfare. Health conditions will be probed. The work of the Social Service League will be considered. Attention will be turned to recreational activities, to housing conditions, and in fact, all matters relating to public welfare will be given attention.

After the figures and facts have been collected they will be placed in the hands of experienced persons by the Red Cross organization and made the basis for reports and recommendations. In compiling these reports the organizations will have the benefit

of comparison with reports from other cities, some of them similarly located and others with entirely dissimilar conditions.

It is the expectation that thru an intensive campaign extending thru a few weeks and including various organizations, that the record can be quickly compiled. It will not then be long until the reports and recommendations will be available for the city and county. It is expected that from these reports the people will determine the lines of activity that are the most needed. This work that the Red Cross is now undertaking, like other Red Cross efforts, is built upon practical ideals of service and the experience thus far gathered indicates that the plan of work is feasible and that distinctive community betterments are possible.

FORMER RESIDENTS TO
SPEND MONTH IN CITY

Mr. and Mrs. Charles Rafferty arrived yesterday from Los Angeles, Cal., for a month's visit with relatives and friends in this community. Mr. and Mrs. Rafferty were residents of this city until a few years since, and have a host of friends here who will be glad to welcome them.

Mrs. M. E. Smith, prominent Tampa, Florida, woman, who says, thanks to Talc, she is now able to walk around without the help of a cane after eight long years of suffering. Says friends are all astonished at her improvement.

"I am so glad my health is being restored after suffering for over eight years with indigestion and rheumatism, that I feel like telling everybody about Talc," was the enthusiastic statement made recently by Mrs. M. E. Smith, one of the best-known and most highly respected women of Tampa, Fla., residing at 906 Morgan St., in that city. Mrs. Smith's statement is a most remarkable one and will be read with interest by a host of devoted friends.

In referring to her recovery, Mrs. Smith said: "The rheumatism from which I suffered for years even before I had stomach trouble, pained me worse than ever and until recently I was not only unable to walk without the use of a cane, but I was so weak at times I could hardly get out of bed. I tried many medicines but nothing helped me and I almost despaired of ever getting any better."

"Then Talc came along and it was helping so many people here in Tampa, my son brought me a bottle and it had such a wonderful effect on me that I immediately sent for five more bottles. In just a few days after I began taking this grand medicine, my appetite began to improve and in only a short time I was able to enjoy my meals and everything seemed to agree with me perfectly."

"My rheumatism is so much better and I have so much more strength I am now able to walk all about the house and up and down the stairs without my cane. Friends who have become so accustomed to seeing me walk with my cane are astonished when they see me now walking around without it."

"I will always praise Talc for what it has done for me and I am only too glad to have an opportunity to recommend it to my friends."

Talc is sold in Jacksonville by Coover & Shreve and by the leading drug store in every town.—Adv.

PLAY OF JOHN KEARNS PRESENTED IN OHIO

Indian Drama Presented By College Dramatic Club — Mr. Kearns Has Written Most Interesting Verse for Play.

The friends of John Kearns and all who take an interest in the young people of Jacksonville will be pleased to know the success of Mr. Kearns in attaining as an author. A recent effort is an Indian drama, entitled "The Wooing of Lillinau." It was presented Commencement Day on the campus at the semi-centennial anniversary of the founding of Buchtel college, the original school. Announcing it the Akron Beacon said:

"The annual business meeting and election of officers of the Alumni Association will be held in the Karl F. Kothe hall at 1:30 o'clock. Following the business meeting the Dramatic Study Club will present the Indian romance, "The Wooing of Lillinau" on the college campus. It is a delightful out-door drama of a unique type and has been directed by Miss Carita McEbright, head of the department of speech of the school."

The manager wrote Mr. Kearns that the play worked out beautifully and the students enjoyed presenting it.

The action of the play is supposed to take place in a Cherokee village in the Carolina hills in the happy days of some two hundred years ago. There are three episodes.

"The Miracle of Wakanda," "The Rider of the White Horse,"

"The Phantom Suitor." Following are some of the lyrics Indian Lullaby.

From the Raven Mocker's guise, Spirits, shield us all the while.

Raven Mocker old and shrunk-en, Flabby skin and eye-balls sunken, Comes about the lodges prying, Steals the lives of sick and dying; Adds them to his scurvy store, Of years to live beyond four-score.

From the Raven Mocker's guise, Spirits, shield us all the while.

Raven Mockers, sly and mean, By mortal eyes are seldom seen. But here and there they flit about, Take a dead man's heart right out, Leave no trace of blood or scar, But eat it down and fly afar.

From the Raven Mocker's guise, Spirits, shield us all the while.

Love Song. The pupils of your eyes Are like wild cherries; Soft your skin, As the hide of a doe; Mellow your voice As the voice of the Wood Thrush.

In the Moon of Mating Birds, Mr. Kearns' old English play, "Behind the Grey Veil" has been accepted for publication and presentation by the same publisher, who hopes to put it on soon at Columbia University. It would doubtless be gratifying to a great many if the colleges of Jacksonville would put on Mr. Kearns' plays and show that Jacksonville knows how to appreciate in a substantial manner the efforts of her talented sons.

SOCIAL SERVICE LEAGUE
THANKS CITIZENS
The children from Chicago have all arrived and been safely located with their willing hosts. The Social Service League thanks the members of the committee, those who loaned cars, the police and all who in any way helped, or are helping to make this new venture a success. Our next move will be to have a picnic where all the youngsters can meet to have a good time, and their entertainers can talk over their experiences. The children who came Friday leave again at 8:10 Friday morning, Aug. 13th. Those who came Monday leave at 8:10 Monday August 16th. Please provide a plain, light lunch for each youngster to eat on the train. The following is from Chicago:

"We have frequently complaints about the condition of the children—people have felt that they did not need the outing. This is due to the stories that children tell. The children naturally have a feeling of pride, and do not like to be considered poor. Consequently, without considering the consequences and with no intention of deceiving, they tell stories about Victrolas, gold watches, etc. which do not exist. All cases are investigated and guaranteed needy ones by the United Charities before the children are sent out."

THE ARMSTRONG'S DRUG STORES.

Don't be Deceived by the Word "Purity."

You hear, read or are told that this, that or the other toilet soap is made of pure ingredients. Maybe it is. But that's not enough. You might make up a batch of jelly—of pure grape juice—of pure sugar. But if those ingredients came in contact with impurities—they cease to be pure.

It is just the same with toilet soap. The manufacturers of Remmo Sterilized Toilet Soap seem to have found the final solution of positive soap purity.

Remmo Sterilized Toilet Soap—as many other toilet soaps—is made of the purest of soap ingredients. To protect those ingredients against all forms of impurities with which they might come in contact, the combined ingredients are sterilized at 193 degrees Fahrenheit.

Remmo Sterilized Toilet Soap possesses the only kind of purity that means anything at all to soap users—it is pure when used.

The positive soap purity quickly makes itself known in improved complexion beauty—a delightful skin coloring and velvety skin texture.

This extreme purity, high excellence to cleansing quality and precaution against impurity adds nothing to the cost of this Toilet Soap.

Remmo Sterilized Toilet Soap can be procured from your dealer at the same price asked for toilet soaps that can not give you the same degree of purity or the same pleasing results.

Service is Real and Really Part of Prest-O-Lite

He had just bought a new car, and at the suggestion of the automobile dealer drove over to the Prest-O-Lite Service Station for the "initial test" of his storage battery.

"What does all this much-advertised Prest-O-Lite service amount to?" he asked. "Is it straight stuff, or is it simply a selling argument for batteries?"

"Straight stuff!" echoed the Service Boys. "We'll say it's straight stuff! Prest-O-Lite service is as real as the Prest-O-Lite storage battery, and it is inseparable from it. You have an example of it beginning right now in the initial test, which guarantees that your car will be started out right. We test the battery, check the electrical wiring of the car, and see if the generator charging rate is too high. If the battery is partially discharged on account of the car's standing idle in the showroom, or through delay in transit, we give it a freshening charge and lend you a service battery while we are doing it."

REV. OTIS IRONMONGER VISITING RELATIVES

Rev. Otis Ironmonger of Oakland, Calif., is in the city for a brief visit with his sister, Mrs. Lea G. Magill and other relatives and friends.

Mr. Ironmonger was born and grew to manhood here. Some years ago he went to California and for the past six years Oakland has been his home. He graduated from a theological seminary and was ordained a minister in the Presbyterian church.

After serving as pastor for a small church in Southern California, he was called to the largest church in Oakland as assistant pastor. While successful in his work Mr. Ironmonger who has a splendid singing voice, preferred the evangelistic field.

For several months past he has been engaged in this work in the south. Recently he has been working Arkansas and took this opportunity to come here for a visit before returning to his home in Oakland.

He is looking well and was warmly greeted by his many friends. His wife and two children remained in Oakland during his evangelistic tour.

Hospitaller Commandery No. 31, K. T., will conduct the funeral of our deceased, Knight, Henry H. Richardson, time of funeral to be announced later. W. L. Shibe, Com. J. J. T. Phillips, Rec. J. J. T. Phillips, Rec. J. J. T. Phillips, Rec.

SOME AMUSING EXPERIENCES

Already the little folks from Chicago are having their good times and learning of things they never saw.

Two little boys at one place had never seen a hog and thought they were very peculiar and amusing creatures. They were filled with wonder at the wind pump till one suggested it was to fan the hogs.

Another little fellow felt they didn't feed the cow right because her tail was so small and thin.

Another one had never seen a pump and could hardly be kept from working the handle all the time.

Their experiences can be matched by that of a lady from over the seas who was visiting a farmer friend whose fine hogs were enjoying a wallow in the mud. Looking at them he said when they were killed he would send her a piece of the meat but she convulsed him saying she was much obliged but didn't think she could eat such dirty meat.

DEATH SUMMONS CAME TO A. L. FRENCH

PASSED AWAY AT HOME NEAR CHAPIN TUESDAY NIGHT

Long Illness Brought Useful Life to Close—Deceased Prominent in Business and Political Life.

The death of Arthur L. French, one of the best known citizens of Morgan county, occurred at 10:10 o'clock Tuesday night at his home near Chapin. Mr. French had been in failing health for a number of months and it was only infrequently during the present year that he was able to be at his desk in the Farmers State Bank & Trust Co., of which he was the founder and president.

For several weeks past Mr. French has been confined to his home and since Sunday his condition has been critical. A complication of ailments caused Mr. French's untimely death. While the strain of illness had weakened him physically, he was mentally as alert as ever, and told his friends in recent days that he knew his final hour was not far distant.

Born in Morgan County.
Mr. French was the son of Mr. and Mrs. Samuel French, early and prominent residents of this county. The family home had long been established in Chapin precinct. There Arthur French grew to manhood. In addition to his farming operations, he early manifested an interest in other lines of business and was more than usually successful.

In 1901 he joined with others in the establishment of the Chapin State bank and was cashier of that institution until 1907. At that time he became largely interested in the Avers National bank in this city and subsequently became the president. Three years later he sold his holdings in that bank and established the Farmers State Bank & Trust Co., filling the office of president from the time of its organization until the present.

It has been the province of the bank to manage large real estate holdings and the duty of operating these farms devolved upon Mr. French. He thoroughly understood the business of farming and successfully met large responsibilities. On his extensive home farm in later years Mr. French had devoted much time to the development of a thorough dairy herd and this department became important in his farming operations.

For fully twenty years Mr. French had been interested in politics. He served almost continuously as member of the Morgan county central committee and two years ago was elected county chairman. Prior to the Yates administration in Illinois, Mr. French became a factor in state politics. As a member of the Republican state central committee he performed valuable service for the party. In 1901 he was appointed by Gov. Yates a member of the railroad and warehouse commission and filled that position with acceptance.

Aided Good Movements.
In his home community Mr. French was interested in every forward movement. He was one of the pioneer advocates of road improvements and many persons will remember that it was by his invitation that Mr. King, the first prominent advocate of road driving, made a visit to Jacksonville and addressed a company of Morgan county farmers. Mr. French did much to promote interest in better roads during the long period that he served as road commissioner. He was also interested in the schools of his home precinct and was a school director for a long period. He was one of the advocates of the Chapin township high school.

Thru a long period the deceased had been an acting supporter of the M. P. church at Chapin and in various other ways he was identified with the good movements of his home community.

About eighteen years ago Mr. French was married to Miss Ruth Joy, daughter of Mr. Lyman Joy. Four years ago Mrs. French's

death occurred and there is no doubt but that the break in Mr. French's health and strength began at that time.

Strong In Friendship.
Mr. French was the largest stockholder in the Farmers State Bank & Trust Co. He had extensive land holdings and was accounted as one of the wealthy men of the county. Nevertheless, he was a man of plain tastes and his estimate of his friends was based upon character worth rather than upon dollars. Tho he had a distinctive dignity of manner, his was a warm heart, and men and women who came to know him thru passing years placed high value upon that friendship and counted him a man of strong character and high ideals.

Mr. French was true to his friends and knew what are the real values in life. So the news of his death will be heard with sincere regret by a large number of Morgan county people.

Mr. French is survived by one son and one daughter, Arthur Joy French and Ruth Joy French. Arrangements for the funeral have not yet been completed.

INTEREST IN FORMER EMPEROR GROWS LESS

Doorn, Holland.—Doorn has already begun to display the same lack of interest about the former Emperor William and his doings as was displayed at Amerongen.

Only the village busybodies, who like to gossip about everything, speak of him at all, and they, of course, try to make mystery of everything they hear, whispering the stories which, usually, are children of their own fancy.

This makes it doubly hard for anyone to find out what really is going on, and at the same time accounts for the numerous rumors that come from Doorn now and then. William's immediate staff is so close-mouthed that few real facts slip out, and the few gossips so prone, on the other hand, that almost anything might be true, or everything false.

The Dutch police, who guard the house of Doorn and all of its approaches, are very zealous and nearly every foreigner who dares to approach the gates, is either arrested or sharply questioned.

PLAN CAMPAIGN AGAINST GERMANS IN ANTWERP

Antwerp, Belgium.—Antwerp Belgians who suffered in the war have launched radical movement against the few score Germans, who, since the peace treaty became effective, have managed to re-establish themselves in business there.

The movement, known as "Heraus los Boches" developed spontaneously with a big parade here recently and since then the property of some German merchants has been attacked.

"Heraus los Boches" placards have been displayed in many shop windows. The term, a combination of German and French, is meant to express the sentiment, "Out with the Germans."

The Belgian foreign office, has stated, that only a few Germans have been permitted to enter the country and they had been for many years residents of Antwerp before the war.

DR. TODD BEGINS ANNUAL VACATION

Social Events

Children's Party at Home Near Alexander.

The home of Mr. and Mrs. F. R. Walbaum in Alexander vicinity was the scene of a merry children's party Sunday afternoon. The occasion was the fourth birthday anniversary of Nellie Rose, daughter of Mr. and Mrs. Walbaum, and twenty-two children were in attendance at the party. After several hours spent in games, dainty refreshments were served by the hostess.

Golden Rule Entertained By Mrs. Nora Schildman.

Mrs. Cora Johnson and Mrs. Nora Schildman entertained the Golden Rule club at the home of Mrs. Schildman on Ashland avenue Tuesday afternoon. There was a good attendance of the members present and the afternoon was pleasantly spent with Victrola music and in a general social way.

The next meeting will be held August 17 at the home of Mrs. James Rice on West Morgan street. Mrs. Gertrude Dye will be the assistant hostess.

Carrigan Family Holds Reunion.

Members of the Carrigan family held a reunion at Nichols park Sunday afternoon which was largely attended and greatly enjoyed by all. At the noon hour a bounteous dinner was spread upon the grass in real picnic style. During the afternoon various games and amusements made the hours pass very swiftly. The event was planned especially in honor of the following non-resident members of the family: Mr. and Mrs. John Nolan, Valparaiso, Ind.; Mr. and Mrs. Thomas Carrigan and Miss Mary Murphy of Minneapolis; Mrs. Frank Bailey and son Frank of Kansas City, Kan.

Among those present at the reunion were Mr. and Mrs. M. Walsh, Mr. and Mrs. John Hicks, Alexander; Mr. and Mrs. P. J. Doolin and sons, Joseph and Bernard; Mrs. Julia Delaney, Mr. and Mrs. Riley T. Cook, all of this city; Mr. and Mrs. William Doolin, Woodson.

Gleaners Surprise Class Teacher

Mrs. Julia Mendonsa's Sunday school class of Northminster church surprised her at her home 513 North Diamond street Tuesday afternoon. Refreshments were served and a very enjoyable afternoon was spent by the following ladies: Meddames, Emma Baptist, Julia Vieira, Cassie Souza, Hattie Souza, Lou Smith, Lillian Sardinha, Lizzie Busey, Lena Fernandes, Justina Baptist, Mary Landreth, Nettie Gutekunst, Elsie Buker, Misses Clara Souza and Julia King.

Orleans Country Club Met With Mrs. Davis

The Orleans Country Club met Tuesday afternoon at the home of Mrs. Sam Davis with a large attendance of members. Mrs. A. A. Curry read a paper on "American Democracy and World Politics." The subject was a big one but was handled in an able manner by Mrs. Curry.

Mrs. John J. Reeve of Jacksonville was a guest of the club and told the members something of the Republican National convention which proved of great interest.

Mrs. Cunningham gave a short sketch of General John Pershing. Roll call was responded to by naming a noted statesman. A social hour followed the program and the hostess served refreshments.

The club will not hold any meeting during the remainder of August. The next meeting will be held with Mrs. Colwell at Alexander, September 14.

F. M. S. of Grace Church Meeting.

The Foreign Missionary Society of Grace church met yesterday afternoon at the home of Mrs. H. C. Woltman, 135 Webster avenue. There was a fair attendance of the members present, Mrs. R. A. Gates had charge of the program, the subject of which was "Nurses and Bible Women," she was assisted by Mrs. H. A. Perrin and Mrs. E. D. Herald.

The hostess served refreshments during the afternoon.

Bridal Supper at Kennedy Home

Mr. and Mrs. D. E. Kennedy, 1325 West Lafayette avenue, entertained the bridal party of the Ratochak-Kennedy wedding last evening at a 6 o'clock bridal supper at their home. The wedding will take place this evening at 8 o'clock. Those present were, Misses Hazel Claus, Marian Spisels of Pekin, Mammie Kennedy, and Messrs. Rodger Carter and Clarence Ratochak.

Stewards of Brooklyn Church Entertained at Glenn Home.

The stewards of Brooklyn church met for a regular business meeting last evening at the home of Miss Nellie Glenn on South Main street. After the business session Miss Glenn assisted by Mrs. John Kastrop, served light refreshments.

SPENT DAY FISHING AT MEREDOSIA

Mr. and Mrs. C. W. Henry and son John of Chicago, Misses Lillie and Maude Ball of West Morton, Jacksonville, this city, were among Jacksonville people who spent Tuesday at Meredosia bay fishing. Others from this city were Edward M. Dunlap and John Ross. All these anglers were indebted to Robert Lorton for various favors. Mr. Lorton is in camp in Meredosia each summer for a long period.

TO ATTEND CONVENTION.

Means.

Mrs. Jennie S. Means, brief mention of whose death was made in Tuesday's Journal, was born in Morgan county, October 9, 1869. She was the daughter of Charles and Sallie Gray Smith.

In November 1889 she was united in marriage to Joseph T. Means who survives together with the following children: Lester H. Means, this county, Lee Means, Mrs. Lillie Williams, Alton; Laurence, Loren T., Clarence, Albert and Sadie of Morgan county, and Henrietta and Gladys Means living at home. She also leaves two brothers, W. H. and Charles B. Smith, Sinclair, and one sister, Mrs. Bessie Decker, Ashland.

Mrs. Means was a woman devoted to her home and highly regarded by all who knew her.

Funeral services will be held from the residence of L. H. Means Thursday morning at 10 o'clock. Burial will be in Yatesville cemetery.

WILL BE WESTERN UNION MANAGER AT EL DORADO

Jack Briggs, who has been a student of telegraphy at the Western Union office for the past eight months, left the city yesterday for El Dorado, Ill., where he will assume the duties of manager for the Western Union.

The appointment to this responsible position came by wire yesterday from the division headquarters at Chicago and was a pleasant surprise to the young man and his many friends. All will unite in wishing him success in his new position.

With the Sick

Miss Bessie Bridgman of Arenzville, visited her brother, Howard at Passavant hospital yesterday. Joseph Estaque, who was operated on for appendicitis at Our Savior's hospital Monday, was reported as doing nicely yesterday. Floyd Waggoner of Carrollton entered Passavant hospital Monday.

RETURN FROM QUIVER BEACH

Miss Eleanor Moore, who has been at Quiver Beach for the past four weeks, returned to Jacksonville yesterday. Miss Moore was accompanied by Mr. and Mrs. J. H. McCune and their son, James McCune, of Rushville, who will return home today.

WINCHESTER BOYS RETURN FROM OUTING

Group of Boys Enjoyed Week's Outing at Iron Mountain Lake.—Other News Items from Scott County.

Winchester, Aug. 3.—Raymond Funk, Wayne Fletcher, Floyd Glossop, Kenneth Cunningham, Shirley Waggoner and Mason Hamilton returned Monday night from Iron Mountain Lake, where they enjoyed an outing for the past week.

N. D. Gettys and wife of Quincy arrived from Colorado to visit relatives.

Mrs. E. J. Frost and daughter, Miss Louise, expect to leave Wednesday for Lincoln, Neb., to visit at the home of Mr. and Mrs. Elmer Rankin. Mr. and Mrs. Rankin expect to leave soon for California.

Glenn Dunbar has arrived in Winchester to commence his work as teacher of agriculture in the high school.

Mrs. Stephen Strouse and daughter, Miss Helen, left Tuesday for their home in Bloomington after a visit at the home of Mr. and Mrs. Gus Strouse.

W. G. Yates of Baylis is a visitor in Winchester.

Mr. and Mrs. Carl Schneider of Marion are visiting Mrs. Schneider's mother, Mrs. Cora Richart.

BOYS WILL GO TO MEREDOSIA

The first group of boys will go to the Rotary club house on Meredosia bay Thursday of this week. John S. Hackett, who is one of the committee arranging for building and furnishings, was disappointed in a shipment of cots. In order not to disappoint the boys Vincent Riley and W. A. Fay drove to Springfield Tuesday afternoon and were fortunate in securing 36 cots thru the adjutant general's office. The cots were shipped to Meredosia Tuesday night and so will be in readiness when the boys go into camp next Thursday.

The people of Jacksonville appreciate the courtesy extend by the adjutant general's office and the cots can be used until the shipment ordered is received.

THE MERCHANTS POLICE

Some friends of the two special policemen who serve the merchants of Jacksonville have called attention to the fact that these men are drawing salaries only slightly advanced over those in effect three years ago. These officers have served with great faithfulness thru the years. There is considerable risk and a good deal of hardship about the work in which they are engaged, and a movement among the merchants to provide for some increase in pay will not be out of order.

I hereby announce myself a candidate for Republican nomination for circuit clerk, subject to the decision of the primary election September 15.

GRAIN MARKET SHOWS RAPID CHANGES

Farmers and grain men are keeping an eagle eye on the wheat market these days. While the price for cash wheat has not changed much this week there has been a decided upward tendency in the futures. Yesterday December closed at 15c higher than Monday's close and the price was 25c higher than the low point of Monday. A great many farmers are declining to sell their wheat at the \$1.90 and \$1.95 prices while the elevators have been able to offer in the past few days. Then some elevators have declined to sell when the opportunity was offered. This disposition to hold back the wheat and the market speculators have helped to push the price upward.

Opinions vary widely as to the permanency of the upward turn. Some grain men believe there will be continued advances until something like the former levels are reached, while other grain men say that the market is exceedingly nervous and that a further break is to be anticipated.

The Economy of Using Goodyear Small Car Tires

So-called bargain tires, made up for sensational sales and offered at ridiculously low prices, do not attract careful buyers.

They are far more concerned with what they get than with what they pay because they know that in the end it is performance and not price that delivers actual tire economy.

The popularity of Goodyear Tires, of the 30x3, 30x3 1/2 and 31x4-inch sizes, is based on the fact that they deliver exceptional mileage at exceedingly low cost.

If you own a Ford, Chevrolet, Dort, Maxwell or other car taking these sizes, go to your nearest Service Station for Goodyear Tires and Goodyear Heavy Tourist Tubes.

30 x 3 1/2 Goodyear Double-Cure Fabric, All-Weather Tread \$23.50

30 x 3 1/2 Goodyear Single-Cure Fabric, Anti-Skid Tread \$21.50

Goodyear Heavy Tourist Tubes cost no more than the price you are asked to pay for tubes of less merit—why risk costly casings when such sure protection is available? 30 x 3 1/2 size \$4.50 in waterproof bag

FABER'S PITCHING HELPS SOX DEFEAT NEW YORK

Mays Was Unsteady in the First
Walking, Liebold, Weaver Singled
and Jackson Hit to Right for
Three Bases Scoring Both
Men.

Chicago, Aug. 3.—Faber had the edge on Carl Mays today and Chicago defeated New York 3 to 1. Mays was unsteady in the first and Liebold walked. After E. Collins flied out, Weaver singled and Jackson hit to right for three bases scoring Liebold and Weaver. He came into the plate standing up and was out. In the seventh the locals counted again when E. Collins doubled, went to third on Weaver's single and scored when Meusel caught Jackson's long fly. "Babe" Ruth drew three walks and once singled sharply to short. A crowd estimated at 28,000 saw the game.

STATE TO ERECT BRONZE STATUES

Records of Governors Yates and Palmer to be Honored—Sculptors Chosen.

Bronze statues of Governor Richard Yates and Governor John M. Palmer, are to be placed on the state cap grounds. The Springfield Journal gives these facts:

The sculptors, Leonard Cru-nelle and Albin Polasek, came to Springfield from Chicago last week for the purpose of confer-ring with Thomas G. Vennum of the Department of Public Works and Edward Martin, state archi-tect.

While in the city they also visited the State Historical library and here accumulated material to aid them in their work of model-ing. Pictures of the two govern-ors, will be used by the sculptors to obtain a likeness of the two men at that period of their lives.

Mr. Cru-nelle will make the Palmer statue, and Mr. Polasek will make that of Governor Yates.

Both models are to be ready to submit for approval in November. The sculptors chosen were selected by the state art commission.

Statues to be Bronze.

Both statues will be of bronze on granite bases. They will be placed on the state house grounds, at a location to be selected later.

Richard Yates was born in Warsaw, Ky., January 8, 1813.

When he was 13 years old he came with his parents to reside in Springfield. He was graduat-ed from Illinois college, Jackson-ville, and later practiced law in this city. He served as a mem-ber of the legislature for 7 years and in 1850 was elected to con-gress, and served for two years.

He was elected governor of Illi-nois in 1860.

He was a bitter opponent of slavery and during his term as president, was active in raising volunteers. It was in Governor Yates' office that Ulysses S. Grant received his first distinct recogni-tion as a soldier in the Civil war.

John M. Palmer was born in Eagle Creek, Kentucky, Septem-ber 13, 1817. He moved to Illi-nois in 1832 and seven years later made his home in Carlin-ville. He practiced law for a great many years, and in 1847 was a delegate to the state con-stitutional convention.

Practically all of his life, he was a man of public affairs. He was a member of the state sen-ate for two years, a delegate to the National Republican con-vention at Philadelphia in 1860, a delegate to the Peace convention at Washington in 1861, and in military life he was advanced to brigadier-general of volunteers.

He led a division at the battle of Stone river and because of his gallantry there was promoted to major-general of volunteers in 1862. He served as governor of Illinois from 1869 till 1873.

The superiority of Nu-Bone Cor-
sets is due to their distinct differ-
ence from all others—features
they have which no other corsets
can have. This difference is due
to the Patented Nu-Bone Stay
which is the only woven wire stay
in existence. The machines that
weave the three or five strands of
finest piano wire into the Nu-Bone
Stay are patented, owned and op-
erated by the Nu-Bone Corset Com-
pany only. The Stays are used
only in Nu-Bone Corsets. Nu-
Bone Corsets are made-to-measure
—also kept in stock. Call, write

Story's Exchange

THINK A MINUTE—Millions and millions of dollars in Morgan county banks—the people's money. Week by week millions more are being deposited, due to income from land.

- If you have more money to deposit, buy more land.
- (a) 40 acres near Woodson, nearly new house and barn and other good buildings. A nice home for \$6000.
 - (b) Near Murrayville we have 40 acres with full set of improvements for \$250 an acre.
 - (c) Near Jacksonville we have 30 acres with plenty of buildings and an abundance of fruit, \$300 an acre.
 - (d) Near Jacksonville a 120 acre farm, splendid land, plenty of improvements for \$300 an acre.
 - (e) Near Alexander 120 acres black prairie land, fine new improvements, \$400 an acre.
 - (f) 160 acres splendidly located, new house, large barn and other buildings. \$250 an acre.
 - (g) Near Jacksonville a choice farm, ideal location, at \$375 an acre.
 - (h) 100 acres, nice new house and other buildings, nice orchard, at \$200 an acre.

CITY PROPERTY

The increase of population has far outstripped the building of homes and with the coming of winter, people are getting desperate. We are trying to get homes for everybody.

- (1) In the third ward we have an eight room house, modern, \$4500.
 - (2) In the second ward we have a new bungalow with sleeping porch and a new garage for \$6000.
 - (3) In the fourth ward we have a nice 8 room house, modern, for \$6000.
 - (4) In South Jacksonville a new house of 8 rooms, two large lots, for \$8000.
- If you do not find what you want here call on us any way, for we have numerous other properties to offer you.

MONEY

We have to lend \$2000, \$5000 and larger lots.

From The Top To The Bottom of The House

Every room is warm and comfortable—

No cold bed rooms—no shut-up parlor. Use the whole house—from top to bottom—and enjoy it—by warming every nook and corner to 70 degrees and over, even on the coldest days.

Let the children play on the floor—with no thought of danger from drafts and cold breezes.

Keep the house cleaner by banishing the dirt of fuel and ashes to the basement. Save your wife from hours of drudgery in cleaning up and dusting up.

Wash the air and fill it with life-giving moisture.

Keep your family healthier—happier by installing a

Pipeless

Hero

Furnaces

in your basement.

No cutting of walls, for one register gives all the heat for the whole house.

Keeps the basement cool and the house warm.

The Hero is the most economical heater for it burns any fuel.

The Hero increases the moisture in the air so that a temperature of 65 degrees is more comfortable than 72 degrees of dry heat.

The Hero Air Washer—Humidifier System thoroughly washes the air, removing all dust, dirt, lint, fibers, odors and gases and completely saturating it with wholesome humidity.

From the Bottom To the Top

the Hero Heated Home is comfortable, happy and healthful.

The Hero is, from Bottom to Top a quality heater, built to give a life-time of comfort and economy.

WHITE HALL CHILDREN TO BE GIVEN TREAT

First Public Children's Event to Take Place at Early Date—Sutcliffe Funeral Held at Patterson Sunday—Other News Notes.

White Hall, Aug. 3.—The proposed treat and entertainment for the children on Whiteside park is practically assured. This information is given for the reason that a number of White Hall children have become very inquisitive as to the proposition with the growing idea that the plan is not to be carried out. The arrangements and date will be formulated this week by citizens who are promoting this children's event, and it is likely that the limit will be placed so that only children of school age will be privileged to participate unless there are younger children able to care for themselves. According to present plans tickets are to be distributed over town to all eligible children. This will be the first public children's event in White Hall, and it will be devoted to an evening of feast and frolic, everything being made free to the children of certain age.

Phillip R. Dunn, who now concedes that he will be elected as the democratic member of the senate from this senatorial district, has been engaged to speak at a picnic at Farmersville on the 14th inst. Mr. Dunn states that this is quite an Irish settlement. Mr. Dunn has filled a number of speaking engagements during the past month. This week he will speak at the Medora barbecue on Wednesday.

Sutcliffe Funeral Services.
White Hall, Aug. 3.—The funeral of Mrs. Mary Ferguson Sutcliffe, a native of Greene county, took place in the Baptist church at Patterson at 2 o'clock Sunday, the discourse being delivered by Rev. J. O. Raines of White Hall, and the burial was in Pine Tree cemetery at Patterson.

The cause of death was paralysis, a second stroke coming upon her at the home of her daughter, Mrs. Luther Smith, at East Moline, on the 30th ult., where she had been for a few months following the first stroke that had enfeebled her.

She was the widow of Flenon Sutcliffe, who died in 1900. The surviving children, besides Mrs. Alma, Michigan; Mrs. Henry Sherwin, Winchester; Albert and Lloyd Sutcliffe, East Moline and Mrs. G. E. Hith, Drake. There are fifteen grandchildren and four great grandchildren. Her father was an old-time Baptist preacher of this vicinity. Rev. William B. Ferguson, and she would have been 71 years of age October 8 next. Of a family of five brothers and sisters O. Rev. Ferguson, the sole survivor is John N. Ferguson of Roodhouse.

July Weather Report.
White Hall, Aug. 3.—The July monthly report of E. B. Pearce, co-operative observer of the weather bureau, shows a total rainfall for the month of only 0.95 inch, 1.96 inches below normal. The greatest fall in 24 hours was 0.33 inch on the 10th. The total rainfall is divided as follows: 2nd, 0.12 inch; 8th, 0.29; 10th, 0.33; 14th, 0.15; 31st, 0.07. There were traces on the 5th, 13th, 21st, 22nd, 24th, 25th. There were nine clear days, twenty-one partly cloudy and one cloudy day.

The highest temperature was 101 on the 23rd, and the lowest 54 on the 9th, 25th and 29th. The mean maximum was 89.2, mean minimum 61.2 and the mean 75.2, or only four tenths of a degree below normal.

All vegetation is suffering for rain at the close of the month.

MURAVILLE R. R. 1.
Norris Brewell and family spent Sunday with C. E. Edwards east of Nortonville.

Mrs. Douglas Whitlock and Miss Hazel Wood spent Friday afternoon with Mrs. C. E. Loneragan. Miss Hazel Wood is visiting her friend, Miss Mollie Logan of Bluffs this week.

Mr. and Mrs. C. E. Loneragan entertained the following guests at supper Sunday evening: Mr. and Mrs. Axel Berg of Chicago, Mr. and Mrs. Ellis Mann and daughters, Mrs. Richard Loneragan, Misses Lucy and Theresa Loneragan, all of Jacksonville and Mr. and Mrs. A. J. Loneragan and daughter, Bernice, Isabel.

SEEK MAN'S RELEASE FROM AMERICAN PRISON.
Dublin—There is a renewed agitation in Ireland for the release from prison of James Larkin, now serving a sentence in America. Some of the new town councils have taken up the matter, and are busy passing resolutions about it.

BOY SCOUTS ASSIST IN WARSAW EMERGENCY.
Warsaw—Boy scouts acted as conductors recently during a strike of municipal employees or Warsaw and which affected the street car system owned by the city. Men volunteers from technical schools and electrical institutions were on the front platform of the street cars as motorists. During the strike, for an increase in wages of from 80 to 100 per cent, volunteers operated the electric light and power plants the water works and the gas plants, the work all being done by boys and men members of the Social Self Aid Society formed for just such an emergency. The strike was settled by a compromise.

GOVERNMENT CAMPAIGNS AGAINST WAR FLEET

Washington—Seldom, if ever, does the government advise speculation, but the Department of Agriculture says:

"If you have to gamble, take a 'flyer' on the stock market or play the ponies, but don't take a chance on fire." It gives his advice in a circular in its campaign against forest fires.

"It never pays to take a chance with fire," says the circular. "The biggest fires in history were started by those who didn't think the woods would burn. Be as careful of fire as you are of powder; it's just as dangerous."

URGES PEOPLE TO FIGHT CATARRH WITH SIMPLE HOME MADE REMEDY

Can Make Pint at Home and Costs Little, Says Leading Druggist of Covington, Ky., Who Has Made Special Study of Catarrh.

Says: Inflamed Nostrils Invite Influenza

People who say that catarrh is a disease not to be taken seriously are harshly rebuked by a Kentucky druggist who has for years been much interested in the growth of this loathsome, yet altogether too common disease.

He claims that the sore, tender, inflamed membrane of the nostrils and throat is a prolific breeding ground for germs—not only the germs of influenza, but many other kinds as well.

If people would only stop experimenting for two weeks and try a simple remedy made of Mentholized Arcine mixed, with enough boiled water to make a full pint, half of the catarrh in this country would be abolished.

It's really no joke for people who don't know about this simple recipe to be constantly sniffing and snuffling, blowing and hawking, when all these obnoxious symptoms as well as the foul discharge can be made to disappear in a few days.

Ask for three-quarters of an ounce of Mentholized Arcine—that's all you need and after you have mixed it with enough boiled water to make a pint, gargle the throat twice daily and sniff or spray some up the nostrils, as directed.

The tender nostrils will soon lose their soreness, heal up, and be clean and healthy.

Important Reminder: Just as soon as anyone in the family gets a cold in the head, check it at once with this same medicine.
